OFFICIAL VOICE OF

SOUTHWEST COUNCIL OF SKIN DIVING CLUBS

APRIL, 1974  
SOUTHWEST COUNCIL OF SKIN DIVING CLUBS

Membership into this Council

Send the following to:

Mr. Hank Silver, 634 S. Central Expressway, Richardson, Texas 75080

1. Copy of Clubs' constitution and/or Bylaws.
2. Membership list of club including names, addresses, & designated officers.
3. Membership fee (\$10.00 for the club and \$4.00 per individual).

Membership in the Council is from January 1st thru December 31st, at which time dues become due, however, there is a grace period of 3 months, being till March 31st, at which time they expire. Dues may be paid in December of the previous year and will be good for the insuing year if the membership is not used for any council activity before January 1st.

Subscription to the "Southwest Slate"

Subscription is free to members of the council, to non-members is 40¢ per copy or \$3.50 per year. Mail subscriptions to Dick Wilgus, Editor, Southwest Slate, 804 N. High St., Longview, Texas 75601.

Information about the Council

Anyone wishing information about the council, its activities, etc., should send inquiries to the Public Relations Office, Mr. Matt Wiley (Rt. 9, Box 152B, Ft. Worth, Texas 76179) or the President whose address is listed above.

NEWSLETTER

The Southwest Slate is the official voice of the Southwest Council of Diving Clubs and is published monthly. Articles in the "Slate" may be reporduced in full or part (unless otherwise specified) as long as credit is given to the "Slate" and authors of the articles.

"NOTICE"

Articles and pictures for publication in the "Slate" must be in by the 20th of each month as the publication date will be approximately the 1st of each month. Send all material to "Slate", 804 N. High, Longview, Texas 75601.

# PRESIDENT'S PAGE

What happened to the participation in the Scuba Skill events? At recent Dives held by LHDM and IDA the entry lists have been puny.

You people say to the Council through your representatives and to the Executive Committee that you want some events other than spearfishing at the Dives. Swell! Wonderful! Good idea! We will do it! It is done and what happens? Only a handful show up and enter.

The clubs that host these events are losing more than money....they are losing interest. I can tell you that this will be the last year Council will hold these events unless participation picks up. Show us you want these events by entering. They are fun and they round out your SCUBA enjoyment.

IDA's Dive last week was only moderately attended and all of us wonder why. The weather was pleasant, the hospitality super, and gasoline available even if the price was high. Matt's stew was superb. The water was chilly and the Buffalo are still down but there were lots of Carp shot.

Talk is that Lake Whitney is "loaded" with Carp. So some of you can sharpen your eyes and test your new guns at Whitney on the Bluffs and at the Points. Reports are the Carp are big and plentiful.

Please continue to solicit ads for "Slate". Every little bit helps greatly.

See you all at the Underwater Safari May 4th.

HANK

## Divers' Dictionary

Narcosis - Liking one's self  
Safety Vest - Safer than in the east  
Current - a small berry  
Dive - a crummy joint  
Crab - an unhappy diver

# EDITORIAL

Well it seems as soon as the Convention is over and a few compliments are passed around everybody lets up on their job - the "Slate" has been running late - we had to use the same cover two months in a row because our Art Editor has fallen in love, the Area Vice President's are either late or are not sending reports at all, same goes for the other officers except for our faithful president Mr. Hank Silver - Keep setting an example for the rest of us. Let's all make an extra effort for next month and get in your reports as quick as you can so we can get back on a 1st of the month publication schedule.

Elsewhere in this issue you will notice an article about a 10% tax on diving and fishing equipment. Even though the tax is proposed to be levied at the manufacturers level you the consumer will pay it in the end. I urge all of you to write your federal representatives and senators in opposition to this bill and urge all your diving and fishing buddies to do the same. Some of the people to write are John Tower, Lloyd Bentsen, Ray Roberts, Wright Patman - to either the House Office Bldg, Washington, D. C. 20515 or the Senate Office Bldg., Washington, D. C. 20510. There are other representatives besides these. You should know who they are - if not check with your local party headquarters for their names and addresses.

We are also short on advertisers - it seems as if everyone at the Convention was concerned about the cost of the Slate but very few seem to be doing anything about it. Only about 20% of the Council Clubs are supporting their newsletter. Oddly enough for the most part the smaller clubs are the ones carrying the biggest part of the load. The large clubs like IDA - TEXINS - LHDM - AAA JETS & LAWTON won't even spend \$40.00 for a 1/4 page ad all year - where we have the smaller clubs like ARK-LA-TEX - AQUANAUTS & AQUA SPORTS trying to do their share with the help of one of the larger clubs - good ole DALLAS DIVERS. Come on you Giants - flex your purse strap instead of your mouth. We need your help.

Incidentally looks as though the Post Office Dept. has slowed down again. It was exactly two weeks to the day from the date I mailed the "Slate" until mine was delivered - that's right here in Longview. I just wonder about Dallas, Ft. Worth, Okla. etc? For your information the March issue was mailed on March 18th.

Dick Wilgus

### AREA I REPORT

As in the past meetings, the Texins have given door prizes. Last night Carolyn Weatherman won a 4 days, 3 night vacation for two at Dick Birchs Small Hope Bay Lodge, Andros Island, Bahamas. The prize was given by Frank B. Ramey, Regional Manager of the Bahama Island Tourist Office. He presented a marvelous film on diving in the Bahamas. As in previous years The Texins help their underwater safari at Lake Travis. This year, it was looking very doubtful that they could hold their dive there. As it turned out it was just a scare and after seeing their flyer on the events, they are having a biggie! Hope to see all of you there.

The Dallas Divers had another great crowd at their meeting. They proudly displayed their new club flag which was designed and made by the Mathewsons, Jackie and Wayne. They did a superb job. Anita Miller just got back from spending 8 wonderful days in British Honduras. (Boy, I have a wonderful time just by dreaming about being there). Talking about Britist Honduras, on April 20 some more members are planning on going there. Some

The C.H.D.M. has several upcoming outings in the making. The outing for April will be a dinner at the Western Sizzung Steaks. The outing for May will be a hamburger and hot dog picnic at North Lake. The Biggie will be in June. The outing then will be a week-end at Beavers Bend in Oklahoma. (That's not exactly British Honduras but it is out of state). The program was a film about Australia brought in by David McMurry. It was very enjoyable.

Misfortunately I was unable to attend the IDA Dive (Sorry, Dennis) and I didn't have the opportunity to converse with Tommy Herrin of the Sherman Divers about what is going on up there. I'll try to have something on them for next month.

Phillip Rodriguez  
Area I-V.P.

### AREA III REPORT

I don't have any contact with anyone from Texins Diving Club, so I can't give a report on them. Anyone from T.I. that receives the Slate could get in touch.

American Airlines Aqua jets at their last meeting elected to have their S.W.C. sanctioned dive at Lake Murray.

Elbert Jackson is the new president; Lee Bumpas is vice president; Carolyn Embree is secretary; Jim Gale is sergeant-at-arms.

AAA had 7 divers enter the dive at Possum Kingdom.  
1st largest - Carolyn Embree

Aqua sports are keeping their old name, no changes. New officers are: Pat Tiffin-President; Charlie Lynch-Vice President; David McNeal-Secretary. Club is working for new members and hope to have more participation at the dives as the water warms up.

James Gale  
Area III Vice President

"OH, NO - NOT SEAFOOD AGAIN."

From National Diver

### AREA IV REPORT

The Midland Dune Divers were well represented at the First SWC Dive of the year. Those attending were: Leo and Bart McCollum, Janie and Ronnie Sims, Bill Goetz, Scot Standfere, John and Clark Lowery, Kelly Fish, John and Alan Love, Dan and Kathy Linebarger and Cody Bell Jr. The divers reported poor visibility but everyone had a lot of fun anyway.

Another winter class is finishing up this week in Midland. Checkout dives for this and the previous class are scheduled for the upcoming 2 weekends. So the Dune Divers hope to have some new members shortly.

Bill Goetz

### **DANGEROUS LEGISLATION**

#### **A TAX ON DIVE GEAR**

A bill has been introduced in the U.S. House of Representatives by Dingell et al as H.R. 11016, to provide a Fish Restoration Fund by putting a 10% tax on the sale of sport fishing and **underwater swimming equipment**. The equipment covered is defined as:

"(A) of any article of sport fishing equipment; and

(B) of any article of underwater sport swimming equipment, including, but not limited to, wet suits, underwater face masks, snorkels, swimming fins, air tanks, air tank regulators, and spear guns . . ."

It is questionable whether this bill has any merit, but even if it does, the tax seems most unjust and discriminatory since it proposes to tax **all** skin and scuba gear, not just spears and spear guns! This equates all divers with fish taking, which is just not so. It would tax practically everything in your dive shop.

It is proposed that the tax be imposed at the manufacturer's level, but, of course, the costs will get passed on to the dealer, and through him to the consumer.

We urge you to write your Representatives and Senators and urge that this bill be killed, or at least amended to limit the 10% tax only to spearguns, fish spears, and those articles of underwater equipment related solely and directly to the taking of fish.

# UDS-I System

## A New Dimension In Diving

U. S. Divers Co. introduces the first totally integrated diving system for the Professional... Patterned after the underwater systems used by the famed Cousteau team, the UDS-I System is designed to meet the exacting demands of the most sophisticated diver... the diver who insists on perfection, quality and top performance. It's the unique, all-in-one Underwater Diving System that will add a dramatic new dimension to your diving experience.

The sleek, streamlined design includes a triple-tank system containing 105 cu. ft. of air at 3,000 p.s.i., contoured bac pac, Aqua-Lung® regulator, Pro Dive 3,500 p.s.i. depth gauge, and a totally new "J" reserve valve mechanism. Complete in one compact unit, the UDS-I System costs no more than separately purchasing the same individual equipment needed for any dive.

The UDS-I System gives you the most in unmatched diving freedom and mobility. Be among the first to explore the new dimension... experience the UDS-I System.

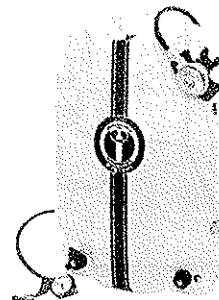

Contact your local Aqua-Lung® Dealer for information. Send \$1.50 for our new 48-page full color catalog to U. S. Divers Co., 3323 West Warner Ave., Santa Ana, Calif. 92702.

**Second Stage—Unique Dual Exhaust  
Valve System—50% Less Exhalation  
Effort (All Models)**

### **Balanced First Stage (Models 400 and 800)**

Provides absolute minimum breathing effort and maximum air flow, regardless of tank pressure.

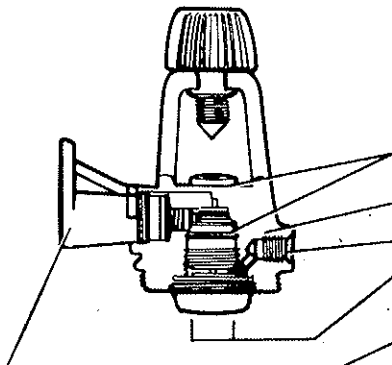

Dual filtering system traps particles in air down to ten millionths of an inch and prevents these impurities from contaminating the regulator.

Heavy-duty forging is designed to accommodate higher pressure tank vessels.

High pressure port for underwater pressure gauge.

Dual spring for smoother rate, both springs work uniformly to eliminate vibration.

Modular reserve valve unit is optional on Model 400 and standard on Model 800. Set at 300 P.S.I., has all stainless steel moving parts.

Dear Mr. Wilgus:

Reference is made to your letter of April 8, 1974, concerning H. R. 11016, the Fish Restoration Fund.

This bill is pending in the House Merchant Marine and Fisheries Committee, with no action scheduled. If and when this legislation comes to the House floor for a vote, I will keep your recommendations in mind.

Thank you for taking the time to let me have the benefit of your views.

Sincerely,

## MINUTES OF THE SOUTHWEST COUNCIL MARCH 3, 1974

The meeting was called to order by the re-elected President Hank Silver. Roll call was given. The first thing on the agenda was revision of the last Convention's By-Laws and Constitution up-dated by Carolyn Weatherman this was tabled till a later date. (Since the meeting, after talking with Hank, it was decided to correct my mistakes and publish the Constitution and By-Laws in the Slate. If there are any objections let me know). On the agenda was some misunderstanding pertaining to the film contest and this was discussed and the parties involved were reviewed and made satisfactory. We then had final report on the finances by the Dallas Divers on the 1973 Convention. They were then reimbursed \$300.00 until at such time the club will be able to give a portion back to the Council.

There was some discussion about the Southwest Council's finances. It looks like in the near future it would be wise to up the Southwest Council's dues. **FOOD FOR THOUGHT\*\*\*.**

We also decided to have some time in the summer, hopefully July, to hold a fresh water film contest. This was voted to be done

this year as a trial basis hopefully to be voted in at the next Convention. There was some discussion on the film rules and we decided they need some re-wording to read clearer.

We also gave the Slate some of our thoughts, and we do need ads badly to help defray the cost of the Slate. Remember, it is our only voice to the members. It was then discussed that we might need to hold a general meeting. Then the meeting of March 3, 1974 came to adjournment.

Carolyn Weatherman - Sec. of SWC

## VERSATILITY FOR PHOTOGRAPHERS

by: Larry Cline, Sea Dragons

Anyone taking underwater pictures and entering photo contests has run into the problem of having slides and wanting prints or having prints and wanting slides -- or both.

KIM LABS has solved this problem and more by making Eastman Color Negative 5254 film available to the 35mm user.

This film is the standard of the motion picture industry and has a companion print film which is used for projection in the theaters. This allows KIM LABS to process your color negatives and return them to you with a complete set of printed slides and/or prints, with color negatives.

KIM LABS allows you greater versatility with a single film. You can shoot at ASA 100, 200, or 400 and any color balance you desire -- daylight, tungsten, or strobe. It is your choice. All you must do is inform them when you return your film for processing. They take care of the rest.

# WHEN & WHERE

Traveling divers are sometimes in your town when your club is meeting. There are non-affiliated divers who are seeking information about clubs. If your club welcomes visitors and/or new members----let us know when and where your meetings are held. A new listing will be given each month when you send Slate the information.

## Monitor Inspection Ends With No Part Recovered

DURHAM, N.C. (AP)—Duke University researchers have finished inspecting the sunken Civil War ironclad Monitor off Cape Hatteras without recovering any major artifacts.

The Sea Probe, a specially equipped vessel on loan from the Navy, docked at Morehead City, N.C., to signal the end to the expedition that had been hampered by bad weather.

Don Seaver of the university news bureau said the Sea Probe was returning to Norfolk, Va.

Seaver said the researcher team used a large Army Reserve landing craft to dredge up some coal and clinkers, believed to have come from under the famous Union battleship. The team had hoped to recover the anchor, anchor chain or rudder from the ship.

They also made a composite photograph of the ship, one of the major objectives of the operation. The composite shows that the Monitor is upside down in 220 feet of water, Seaver said.

He said he knows of no plans for another expedition to the site, 15 miles south of Cape Hatteras.

The Monitor is famous for its 4-hour, close-range Civil War duel with the Confeder-

ate ironclad Merrimac. The March '9, 1862, battle, the first between ironclads, ended in a draw.

The Monitor sank in a raging gale Dec. 31, 1862. The Merrimac was destroyed in May 1862 by retreating Confederates.
