

SOUTHWEST SLATE

OFFICIAL VOICE OF

JANUARY 1975

SOUTHWEST COUNCIL OF SKIN DIVING CLUBS

~~_____~~

EDITORIAL

However unusual, since this may be my last issue of the "Slate" as Editor, I want to use this issue to honor the woman behind this man. Pictured at left is my wife, Peggy, who not only is a MEMBER of the East Texas Aquanauts and Southwest Council but also a diver.

Were it not for her kind understanding & willing helpfulness it would not be possible for me to apply as much time and effort to producing the "Slate". Besides working on the staff and helping each time to assemble the newsletter, she is always faced with the chore of cleaning up after the Slate Party, which is usually held at my home. Seldom, if ever, does she complain about spilled beer, empty cans, paper scraps, dirty ash trays, etc., left for her to face the next morning, not to mention getting the kids dressed and off to school.

All of these things plus many other hours of help has made my job easier and has helped the Council have a newsletter, not only for 1974 but 1973 as well. Thank you Peggy for your understanding. I'm sure there are many other wives, one being Annette Silver, that deserve equal credit for their part. I only wish I knew everyone who deserved credit. There are some that have worked consistently with me the past two years that I would like to acknowledge: Dee Shappell not only for providing the labels, but also helping assemble, other members of the group include Bob & Gilda Hanson, Larry & Mary Ann Henderson, Edd Long, Horst Seeger, Cap & Ethel Blood, Dennis & Beverly Fogarty, Marsha & Glen Sheridan-who also supplied many of the covers-Earnie Grider, Nancy Dees, Larry Smith - to all of you I say, Thanks on behalf of the Council & myself.

DICK WILGUS

PRESIDENT'S PAGE

This is by anyone's standards a "good" time of the year. During the Holidays everyone is wishing each other health, wealth, and happiness. Blessings are bestowed on families, friends, and business associates. We, as pragmatic people, being divers, cannot afford to dwell on the past or even the present. Our world of reality belongs in the future.

I can't look forward, however, without looking back at the past two years. I have been really privileged to serve as Council President and to each of you, it's members, I thank you from my heart. We must all be a part of the future and for the Council's future this means supporting the new slate of officers with all the cooperation and help you have given me.

Most of all, as the Convention nears, we must all put our heads together and offer constructive ideas by which we can make our Council bigger, stronger, better. We must search for new ideas to increase participation and new events to attract a broader base of the diving public into organized diving. 1975 will be a great year to be a member of the Southwest Council of Diving Clubs.

Rules for Southwest Council

1975 Photography Contest

1. The categories that may be entered are as follows:
 - A. Color transparency (slide) mounted in 2x2 inch cardboard mount.
 - B. 8 or 16 mm Sound motion picture
 - C. 8 or 16 mm Silent motion picture
 - D. Black and White picture
 - E. Color print
2. Limitations on number of entries in each category are as follows:
 - A. Not more than five transparencies (slides)
 - B&C. Not more than 600 ft. reel per entry, and not more than 2 entries of 8 mm and/or 16 mm motion pictures
 - D&E. Not more than 3 8"x10" or larger prints in each division.
3. All three categories may be entered by each contestant. However, prints may not have been made from an entry that is entered in any other category.
4. Slides and prints must be consecutively numbered from one (1) and each must be titled. Full name of entrant must be on each slide or print. Slides must be spotted on lower left hand corner on side opposite the emulsion. Include as many details as may prove helpful in judging ie: film, camera, exposure, light, etc.
5. Prints must be mounted on 11 x 14 or larger mounting board. Framed prints will not be accepted.
6. Contestant must be a member of SWC and have been so for at least six (6) months prior to date of convention.
7. No commercial picture, or one made or produced for compensation, or made at the same time and the same set as a commercial picture, shall be eligible in any contest. A commercial picture includes one made by or for one's employer.
8. Commercial or professional photographers are not allowed to submit entries in the same film media in which they are or can be classified as commercial or professional. That is: a still photographer entering the slide or print category; a movie or T.V. set cameraman entering the movie category. This makes unfair competition and discourages growth of the contest. It is permissible that a still photographer enter the movie category and vice versa, as these two fields are very different. It is the intent that the contest of the SWC be amateur.

9. No picture winning an award in any previous SWC contest, shall be eligible for entry in any subsequent contest.
10. Contest films shall be the work of the contestant (or two or more persons jointly) except use of an amateur cameraman is permissible only when the contestant appears in scenes.
11. Subject must pertain to diving. (No fishing, hunting, boating, flying, etc. except that it supports the subject of under-water diving.)
12. Slides and prints must have been taken while diver is submerged. No aquarium shots; all entries must be the work of the contestant. Movies must be at least 50% underwater scenes and must be titled and the container of film must bear the contestant's full name.
13. No copies of existing pictures, slides made from prints, or slides made from another photographer's slides will be accepted. Violation of this rule will mean automatic disqualification from all categories. Violators will not be allowed to enter the contest for the next two succeeding years. There will be a provision for appeal, but the contest director must be present.
14. Deadline will be midnight of the eighth (8) day preceding the day of the convention. This is to allow unhurried and proper judging.
15. Entry blank is to be published in each of two SWC Slates, published just prior to convention. An entry blank properly and completely filled out must accompany each set of film entered in each category.
16. Additional entry blanks must be obtained upon request and by sending a self-addressed, stamped envelope to the Contest Chairman.
17. Decision of the judges is FINAL and is to be made by the time of the convention business meeting and is not to be announced until awarding of trophies.
18. Any violation of these rules will subject the contestant to disqualification. It will be the decision of the judges whether the contestant will be disqualified from all categories, with the exception of #13, which carries an automatic total disqualification.
19. A special Novice award will be made for the best picture entered by a Novice. A Novice is to be defined as one who has never entered an under-water photographic contest. Statement of such MUST be included with entry.

AREA VI REPORT

Once again my monthly report is late to press. I guess with my record for being late, I don't need to change now.

We were glad to see the good turn out at the Aquanauts dive on Caddo Lake. I hope everyone enjoyed themselves. At least this year a few fish were shot. The Ark-La-Tex Divers are especially glad since they brought home eleven of the trophies. "Not bad for beginners, Al."

Enough for the sneaky remarks, but how often do we have enough divers in competition to even get our name in the SLATE. Maybe we have built up enough enthusiasm that it will carry over into our Gar Rodeo and even further into next year's contest.

We do look forward to seeing everyone at Lake Bistineau in January and then again at the Convention in February. After all, a little good competition has helped me acquire some hopefully good friends throughout the Council.

I guess I had better close for now and get this garbage in the mail to Dick.

HAPPY DIVING,
Robert S. Swilley
